

Bachelor thesis 2006-2007

Gert Van Gool (0421638)

April 29, 2007

Abstract

Contents

1	Introduction	1
2	Declarative user interface language	1
2.1	What are declarative languages?	1
2.2	What is a declarative UI language?	1
2.3	Examples of UI languages	1
3	XAML	1
3.1	What is XAML?	1
3.2	WPF and codename "WPF/e"	1
3.3	Comparison to other UI languages	1
3.3.1	XUL	1
3.3.2	UIML	1
3.3.3	Adobe (Macromedia) Flex	1
4	User interfaces in a database	1
4.1	Possible queries	1
4.2	How do you store an UI?	1
4.3	Generating meta data	1
4.4	Practical queries	1
A	Dutch summary	2

- 1 Introduction
- 2 Declarative user interface language
 - 2.1 What are declarative languages?
 - 2.2 What is a declarative UI language?
 - 2.3 Examples of UI languages
- 3 XAML
 - 3.1 What is XAML?
 - 3.2 WPF and codename "WPF/e"
 - 3.3 Comparison to other UI languages
 - 3.3.1 XUL
 - 3.3.2 UIML
 - 3.3.3 Adobe (Macromedia) Flex
- 4 User interfaces in a database
 - 4.1 Possible queries
 - 4.2 How do you store an UI?
 - 4.3 Generating meta data
 - 4.4 Practical queries

A Dutch summary
